PERSONAL PROJECTS

Testo Burger Project

<https://github.com/aneesanwar308/Testo-Burger-Project-with-changes->

Created a web design for a restaurant using HTML5, CSS3 and Bootstrap. Used Bootstrap grid for responsiveness and CSS for animation.

Portfolio

<https://github.com/aneesanwar308/Portfolio>

This is a webpage like Portfolio designed using HTML and CSS. It is responsive for desktop not for mobile or tablets.

Food Mania

<https://github.com/aneesanwar308/Food-Mania-Project>

I created this app using React.js(Hooks). This app is about food menu like every is showing in a separate card with details and image. There are different category like Breakfast, Lunch and Dinner

Light Bulb on/off

<https://github.com/aneesanwar308/Light-bulb-on-off-project>

Created this project using Javascript. On button clicks, images of bulb toggles with each other.

Local Server using Node.js

<https://github.com/aneesanwar308/node-practice>

Created my first server using Node.js.
